

## FOR IMMEDIATE RELEASE

### **Australia's Migration Alliance partners with Bondle**

*Australia's premier body for Immigration Agents has chosen to partner with Bondle Australia to deliver a unique software to their Members*

Sydney, Australia

20 October 2017

Bondle, a leading provider of client engagement software, announced today that Migration Alliance has chosen Bondle as the preferred client engagement software for their members.

"We are excited to partner with the Migration Alliance" said Sandeep Rao, CEO of Bondle Australia. "Migration Alliance provides high quality services to over 4,500 immigration agents, and we are honored to be their partner for client engagement software."

Bondle is an application that facilitates relationships and enhances collaboration through a unified communication, document, and task management system. For immigration agents, Bondle delivers full transparency to their clients, less time spent on administrative activities, greater productivity, and lower compliance costs.

Bondle works on PCs and any Apple or Android mobile device.

"We have looked at many productivity tools for our members, and Bondle is by far the most useful" said Liana Allan, Founder of Migration Alliance. "For immigration agents and their clients, Bondle keeps all case communications and information organized, auditable and secure."

Bondle is available in the Apple store, Google Play and at [www.getbondle.com](http://www.getbondle.com).

#### **About Bondle**

Bondle is a software company dedicated to making client engagements more productive and secure. Instead of trying to organize e-mails by client, having different folders for each, and trying to maintain multiple versions of documents, you simply "Bondle" with each client and all of your communications and documents are organized. Previous versions of documents are archived, with notes and annotations, and a historical record of all of your interactions is automatically generated. This means

organization, reporting, compliance, and audit logs are automatically done by Bondle, not you.

Bondle is part of the Insights Group with offices in Australia, Singapore, the US, India and Vietnam. To learn more, visit [www.getbondle.com](http://www.getbondle.com) or follow us on LinkedIn, Facebook, and Twitter. (add links)
